1924

100
years
of beauty

MIRACULUM was founded in 1924 in Kraków by **doctor Leon Luster**. It was one of the first cosmetic companies in Poland, among such brands as Max Factor or Helena Rubinstein.

The company quickly gained recognition. Miraculum cosmetics have been appreciated at the World Exhibition in Paris already in 1931, where the Company was awarded with the **GRAND PRIX** for face powder..

MIRACULUM means professionalism, experience, safety. Since 1924 we have been creating well-considered formulas, using certified ingredients, understanding skin needs and meeting cosmetic trends.

MIRACULUM means cosmetics for aware clients that don't want and don't have to choose between good composition and good price.

pro-skin COLLAGEN

COLLAGEN-INFUSED CARE THAT RESTORES ELASTICITY AND GLOW.

The Miraculum COLLAGEN PRO-SKIN skincare line features the advanced COLLAGEN HXA complex, combining three bioactive ingredients renowned for their anti-wrinkle effectiveness:

HYDRO-MARINE COLLAGEN – known as the “youth protein,” this marine collagen is a rich source of amino acids and polypeptides. It intensely nourishes the skin, enhances firmness, and stimulates natural renewal, promoting elasticity and resilience.

BIOMIMETIC PEPTIDE – a next-generation, powerful peptide with proven effects on reducing even deep wrinkles. It works by stimulating the synthesis of six key components that form the skin’s matrix, aiding in the overall structure and smoothness.

ADENOSINE – a potent anti-wrinkle ingredient that reduces the appearance of expression lines by limiting muscle fiber contraction. Additionally, it stimulates collagen and elastin synthesis, further supporting skin elasticity and youthful appearance.
